

## GLENROTHES HILLWALKERS CLUB

### WALKING PROGRAMME JAN—JUNE 2021

#### BUS AND TRAVEL ARRANGEMENTS

The bus departs from the car park at Glenrothes Town Centre outside Boots at 7.30am. To guarantee a seat on the bus it must be booked and paid for on the Tuesday Club Night preceding the Sunday walk.

Please note that booking a seat results in an obligation to pay irrespective of whether the individual subsequently cancels. Refunds can only be given if you arrange for someone to take your place.

#### NOTES ON CLUB WALKS

##### Safety and Good Practice

Members are responsible for their own safety and should contribute to safe completion of the walk by all, within the estimated time. In the event of members being unable to complete the walk, at least two others, or the whole group, should accompany them off the hill.

You'll be out all day on most walks. Check that you have:

- Waterproof jacket and trousers
- Spare clothing in your rucksack
- Extra food and drink for unexpected delays or emergencies
- + A map and compass

Further advice and help can be found in the Information Pack and by talking to members of the committee.

##### Description of Levels of Walks

- A) Means a challenging route for people with hillwalking experience and knowledge of how to navigate in poor conditions. Summits and ridges, usually 1000 metres/3000ft plus 'Munros'. Winter will often require ice axe and crampons.
- B) Means a high level route at a slightly slower pace, often one Munro or a Corbett. You should also know how to navigate in poor conditions. An ice axe and crampons may still be required in winter.
- C) A lower level walk, often on paths and tracks but may also cross open countryside. The route could be steep in parts. In winter icy paths may be encountered, but should not require an ice axe.

##### Time estimator factors used in this set of walks

Grade of Walk	Average Pace km/hr	Ascent Factor
A	4.5	1hr per 400m
B	4.0	1hr per 350m
C	4.0	1hr per 300m

In addition to this there will usually be approximately 40 minutes of stoppage time for every 6 hours of walking. Stoppage times have been **included** in the overall walking time

Members interested in developing their "skills for the hills" are encouraged to take advantage of the wide range of material and training opportunities provided by the club – see Information pack
